

# Is your Indoor Air making you sick?

Your duct system functions as the respiratory system of your home. When your air ducts are contaminated, they greatly affect the health and comfort of your entire family.

These are facts are; Indoor air 70 times more polluted than outdoor air, 50% of illnesses caused or aggravated by polluted indoor air, 1 out of 6 people who suffer from allergies do so as a result of the fungi and bacteria in air duct systems, Most fiberglass filters are only 7% efficient infiltration of contaminants, 9 out of 10 heating and air conditioning failures are caused by dust and dirt.

Ask your Sun Kool Air Conditioning Service Technician how you can have the air ducts in your home inspected and cleaned is needed. Protect your health and breathe easier.
