

Breathe Easier and Enjoy Cleaner Air

Concerned about the air in your home? Using aerosols or air fresheners to remove the odors in your home? In most cases these products only mask the problem. Eliminating the source of the odor is the Sanuvox Saber 24 Volt's job. The Saber 24 Volt uses UVC light to kill bacteria that cause odors and can lead to potential health issues.

Installing the Saber 24 Volt around the coils ensures that 99.97% of biological contaminants will be eliminated. You'll breathe easier knowing the Saber 24 Volt is doing it's job.
